You who flung stars into space
You who put the earth in place
In Your image we are made
Made to give You all our praise
All that's within us

Jesus! We worship and adore You

F#m E
Hear this song of praise
F#m E
Coming from our hearts

B A/C#
We are set apart

We will stand in awe
Gaze on your holiness
We will lift your name
Jesus be glorified!

You gave Your life to set us free
You took on flesh to rescue us
Defeated death upon the cross
For you have won the victory
You've won the victory!

Now You're reigning from on high
Waiting for the appointed time
When you return to get Your bride
Every knee will bow that day
For You are worthy!
